

WINTER, EXPLORING OUR SENSES

We will explore not only the human senses, but also how animals use their senses to discover the world around them.

We will also observe the wonders of winter through our stories, songs and art projects.

As always, we work with pictures, letters, words and numbers to practice skills

based on the Pennsylvania Learning Standards for Early Childhood.

SNOWY WEATHER

We will follow Conrad Weiser's schedule. Check the web sites, TV, or radio. (You will not hear Trinity Lutheran Preschool announced.) School cancelled for Weiser means no preschool for us. If Weiser has a 2-hr. delay, we will have Preschool at the normal time if the walks and parking lot are cleared and free of ice. We will call you by 8:30 a.m. if they are not. If you are in doubt, please feel free to call.610-678-7330

PARENT/TEACHER CONFERENCES

Communication between home and school will be very important through out your child's school years.

Believe it or not, Parents and Teachers sometimes have the very same challenges, triumphs, and questions concerning the

student's/child's behaviors and, by pooling their knowledge, can execute solutions which not only resolve classroom and home challenges, but ultimately provide the best learning environment for the child.

In early February, I would like to talk to you

about your child's progress at school, leaving enough time in the school year for me to use the knowledge I learn to further help your child. I hope the weather will cooperate. A sign-up sheet of possible conference times will be posted and if you need a different time, let me know. ---Mrs. Franzen
